Nevada GME Discussion

June, 2014

Dr. Amir Bacchus, CMO

Dr. Bard Coats, SVP Ops

D-HCPNV GME Working Relationships in SoNV

1. Touro University, College of Osteopathic Medicine

- a) Medical Students – 3rd and 4th year students in PCP Clinics
 - 2-5 Medical Students are in HCPNV offices any given week
- b) Family Practice Residency Program Collaboration
 - + Valley Health System + 2012 – present
 - FP Residents use our Nellis Avenue FP Clinic daily, 2 @ a time
 - HCPNV's Judd Fisher, DO had collaborated with Touro's Dr. David Park
 - All Payor Classes (FFS/PPO, Managed Medicaid, HMO, Medicare Advantage)
 - Population Health Management, Clinic Team provides our Total Care Model
 - Performance and Financial realities are visible to the Residents
 - HCPNV Support Staffing and adjustment in visit volume = net negative \$\$
 - HCPNV has hired 3 FP Residents to work in our Clark County PCP Clinics

2. University of Nevada School of Medicine

- a) Medical Students – 3rd and 4th year students in PCP Clinics
 - 1-5 Medical Students are in HCPNV offices any given week
- b) No Residency Program collaboration is in place today

D-HCPNV Ideas to Improve our Support

- 1. Stipends to D-HCPNV to provide Associate Professors and help teach at designated locations-just like Medical Directorships paid by institutions.**
 - Primary Care
 - Cardiology
 - Endocrinology
 - Dermatology
 - Hematology
 - Oncology
 - Hospice/Palliative Care
 - Hospitalist Medicine
- 2. JV with either or both schools to create a population health training center.**
 - Align contracting for Medicaid (Full Risk) and others.
