Helping People. It’s who we are and what we do.
The Division of Child and Family Services (DCFS), together in genuine partnership with families, communities and county governmental agencies, provides support and services to assist Nevada’s children and families in reaching their full human potential. We recognize that Nevada’s families are our future and families thrive when they:

• Live in safe, permanent settings.

• Experience a sense of sustainable emotional and physical well being.

• Receive support to consistently make positive choices for family and common good.

Enhancements

E225 – Replacement of Four Agency Owned Vehicles with Fleet Services Vehicles

General Fund Enhancement Costs:
FY 18 – $6,798
FY 19 – $12,763

Benefits

• This request shifts vehicle maintenance to fleet services to avoid any funding issues that could occur with any major repair work or accidents.
• If a vehicle is inoperable, it could leave a program vulnerable to licensing requirements.
• If a vehicle is being work on for an extended period of time, then a loner vehicle would be made available.
E350 – Mental Health Placements

- Category 16 funds acute mental health placements and specialized foster care
- Total Enhancement: $91,502 for each year in the biennium. Daily rate and average length of stay has increased.

Mandates

M501 – Establish Category 30 Training in accordance with NRS 433.279 & NRS 424.020

• This request funds training in accordance with NRS 424.020 which requires travel by Clinical Program Managers and Mental Health Counselors for training, monitoring and regulating specialized foster care providers and NRS 433.279 which requires certain training for Mental Health Technicians.
• NRS 424.020 states in part “the Division, in consultation with each licensing authority shall adopt regulations for licensure of family foster homes and specialized foster care homes”.
• NRS 433.279 states in part “the Division shall carry out a vocational and educational program for certification of mental health technicians, including forensic technicians”.
• Historically, the Division has used funding from the Children's Mental Health Block Grant to pay for these trainings. The agency’s desire to create a dedicated funding source for these trainings regardless of the availability of federal funding. As the agency has experienced federal funds being reduced in the past, the expenditure category would ensure funding for the agency’s training needs.
• Total general appropriations for the biennium $14,926.

Four Primary Goals –

**Generating support** from stakeholders for the transition of DCFS for direct care to an oversight function.

**Funding Structures:** Maximize public and private funding at the state and local levels to provide a SOC with accountability, efficiency and effective statewide funding sources.

**Workforce development:** Implement workforce development mechanisms to provide ongoing training, technical assistance, and coaching to ensure that providers are prepared to provide effective services and support consistent with the SOC approach.

**Establish a management structure:** Establish an on-going locus of management and accountability for SOC to ensure accountable, reliable, responsible, evidence and data-based decision making to improve child and family outcomes and to provide transparency at all levels.

Helping People. It’s who we are and what we do.
DCFS is working on a program proposal with First Med Health. First Med Health is a Federally Qualified Health Center (FQHC) in Southern Nevada. As a FQHC First Med is a not-for-profit agency. Also as a FQHC First Med can accept youth that have private insurance, youth on Medicaid HMO and FFS, and youth that are uninsured. The proposal includes:

- DCFS will sign a provider agreement for First Med Health to operate a clinic, Residential Treatment Center, and partial hospital program within the vacated DWTC building for DCFS clients.

- The RTC will prioritize the following populations: youth at risk for going out of state, youth with a dual diagnosis of behavioral health and developmental disability, youth who have been commercially sexually exploited.

- The program will include evidence based services that are trauma informed and outcome driven.
**Efficiency Transfers**

Internal position transfers between DCFS budget accounts will align activities with funding streams associated with the work within the budget accounts. These improved efficiencies between DCFS budget accounts results in a net benefit to the State general fund savings of $145,633 in FY18 and $149,959 in FY19.
