DRAFT

Essential Diabetes

Drug List

Draft Report Date:

January 14, 2019

**Nevada Department of
Health and Human Services**

Prepared by:

Primary Care and Health Workforce Development Office, State of Nevada
Division of Public and Behavioral Health (DPBH)
4150 Technology Way, Suite 300 Carson City, NV 89706
Office: (775) 684-4255 Email: drugtransparency@dhhs.nv.gov
drugtransparency.nv.gov

Introduction

During the 79th legislative session, Senate Bill (SB) 539, which supports prescription drug transparency, was approved. SB 539 was codified in Nevada Revised Statute (NRS) 439B. The law requires in NRS 439B.630 that the Department of Health and Human Services (DHHS) compile a list of prescription drugs essential for treating diabetes in Nevada:

NRS 439B.630 Department to annually compile lists of certain prescription drugs essential for treating diabetes. On or before February 1 of each year, the Department shall compile:

1. A list of prescription drugs that the Department determines to be essential for treating diabetes in this State and the wholesale acquisition cost of each such drug on the list. The list must include, without limitation, all forms of insulin and biguanides marketed for sale in this State.
2. A list of prescription drugs described in subsection 1 that have been subject to an increase in the wholesale acquisition cost of a percentage equal to or greater than:
 - a.) The percentage increase in the Consumer Price Index, Medical Care Component during the immediately preceding calendar year; or
 - b.) Twice the percentage increase in the Consumer Price Index, Medical Care Component during the immediately preceding 2 calendar years.

(Added to NRS by [2017, 4297](#))

The first essential diabetes drug list was published on October 31, 2017. The list published in this report provides a draft version of the 2019 Essential Diabetes Drug List. The public and other stakeholders can request updates to this draft list by 7PM Pacific Standard Time on Wednesday, January 23, 2019 using the email address drugtransparency@dhhs.nv.gov. All requests will be carefully reviewed before updating and posting the final list online by the required deadline of February 1, 2019. This final list will include the price increase data required by NRS 439B.630, Section 2. Manufacturers that produce drugs found on this list are required to submit reports by April 1, 2019 that include information about these drugs as outlined in NRS 439B.635 and NRS 439B.640. Additionally, Pharmacy Benefit Manager (PBMs) are required to provide information to DHHS by April 1, 2019 regarding these drugs as outlined in NRS 439B.645.

Report Methodology

To compile the draft DHHS essential diabetes drug list, DHHS utilized a methodology that met the requirements of NRS 439B.630. Two versions of the list are published: (1) a summary of the nonproprietary and brand or proprietary drug names found on the essential list [Appendix 1], and (2) a detailed list of all the drug National Drug Codes (NDCs) indicated by DHHS as essential diabetes drugs [Appendix 2]. The summary list (Appendix 1) is conveniently formatted for the public and health care providers while the NDC list (Appendix 2) is designed for drug manufacturers and PBMs to know which specific drug NDCs will be monitored by DHHS and included on its yearly report.

To generate the list, DHHS identified NDCs that included varying drug packing formulations based on prior and current stakeholder input of essential diabetes drugs. These NDC codes were filtered down to include the drugs for which Medicaid expended funds in the past two years. Additional NDCs that were of interest to the public and stakeholders were added to this list.

This essential list does not include any drugs used to treat co-morbidities often present in an individual with diabetes. The list does not contain every single drug that may be an effective treatment for diabetes or approved for the treatment of diabetes. This list attempts to refine the numerous treatments to those approved for treatment, identified by prescribers as essential, and most frequently prescribed in Nevada (as determined by the publicly available data sources). For this reason, some brand names are excluded when generics or alternative brands are included.

DHHS invites you to view the Drug Transparency website at drugtransparency.nv.gov. If you are interested in receiving email notifications for Nevada Drug Transparency information and updates, please subscribe online to the DHHS Drug Transparency LISTSERV.

DRAFT

Appendix 1:
2019 Draft DHHS Essential Diabetes
Drugs Summary List

Essential Non-Proprietary Drug Name	Included Essential Drug Brand Names (Note: some brand names are excluded from this list)
Pioglitazone and Metformin HCL	Actoplus Met; Actoplus Met XR
Pioglitazone	Actos
Lixisenatide	Adlyxin
Insulin Lispro	Admelog; Humalog; Humalog 50-50; Humalog 75-25; Humalog Jr
Insulin Human	Afrezza; Humulin; Humulin N; Humulin R; Humulin R500; Novolin R; Novolin N; Novolin 70/30
Glimepiride	Amaryl
Insulin Glulisine	Apidra
Rosiglitazone	Avandia
Insulin Glargine	Basaglar; Lantus; Toujeo
Exenatide	Bydureon; Bydureon BCise; Byetta
Bromocriptine Mesylate	Cycloset
Dapagliflozin	Farxiga
Insulin Aspart	Fiasp; Novolog; Novolog 70/30
Metformin HCL	Fortamet ER; Glumetza ER; Glucophage; Glucophage XR; Riomet; Metformin ER
Glipizide	Glucotrol; Glucotrol XL; Glipizide XL; Glipizide ER
Glyburide	Glynase
Miglitol	Glyset
Empagliflozin and Linagliptin	Glyxambi
Canagliflozin and Metformin HCL	Invokamet; Invokamet XR
Canagliflozin	Invokana
Sitagliptin and Metformin HCL	Janumet; Janumet XR
Sitagliptin	Januvia
Empagliflozin	Jardiance
Linagliptin and Metformin HCL	Jentadueto; Jentadueto XR
Alogliptin and Metformin HCL	Kazano
Saxagliptin and Metformin HCL	Kombiglyze XR
Insulin Detemir	Levemir
Alogliptin	Nesina
Saxagliptin	Onglyza
Alogliptin and Pioglitazone	Oseni
Semaglutide	Ozempic
Repaglinide	Prandin
Ertugliflozin and Metformin HCL	Segluromet
Insulin Glargine and Lixisenatide	Soliqua 100/33
Nateglinide	Starlix
Ertugliflozin	Steglatro
Ertugliflozin and Sitagliptin	Steglujan
Pramlintide Acetate	SymlinPen
Empagliflozin and Metformin HCL	Synjardy; Synjardy XR
Albiglutide	Tanzeum
Linagliptin	Tradjenta

Essential Non-Proprietary Drug Name	Included Essential Drug Brand Names (Note: some brand names are excluded from this list)
Insulin Degludec	Tresiba
Dulaglutide	Trulicity
Liraglutide	Victoza
Colesevelam HCL	Welchol
Dapagliflozin and Metformin HCL	Xigduo XR
Insulin Degludec and Liraglutide	Xultophy 100/3.6
Acarbose	
Glipizide and Metformin HCL	
Glyburide and Metformin HCL	
Pioglitazone and Glimepiride
