

Community Services Agency

NV CARES Program

OUR GOAL TO YOU

Here at the Community Services Agency, we want to give back to our community as much as we can, especially during the current pandemic.

With COVID-19 becoming a day to day issue, we realize that going out to simply get groceries can easily put someone's health at risk, which is why we would like to offer our services to help you during this time.

Currently, we are preparing to provide grocery service delivery, nutrition education and service referral within our community. There will not be a cost for this service. The services CSA will be providing are:

- **Grocery Delivery:** Through our grant-funded program, we will purchase groceries for you that will meet your dietary needs and deliver them to you.
- **Type of Groceries:** With each delivery we will try to provide food and ingredients that you specifically request and can use to prepare your own meals. Packages may include:
 - Canned Goods
 - Fruits and Vegetables
 - Rice and Bread
 - Dairy products
- **How we keep you safe:** When using this service, we will provide no contact deliveries to keep you safe during this time as well as maintaining strict sanitation guidelines.
- If you're interested in this program or have any questions regarding how we can assist you, please contact Will Schab or Alondra Mora Ayala at wschab@csareno.org or amoraayala@csareno.org or call 775-722-9351 or 775-722-8280.
