**The subcommittee voted to fully fund the two proposals in this category because (1) sufficient funds were available to do so, (2) both proposals scored well, and (3) the approach fills a gap in Clark County.*

The DHHS GMU staff determined the total amount of funds available prior to the subcommittee meeting. Of the available PCAN funds, 9.2% was designated for Child Self-Protection Training, 47.2% for Parent Training, and 43.6% to Crisis Intervention. Care was taken to ensure that each program category received an increase in funding over FY15.
