*The subcommittee voted to fully fund proposals with the highest scores until the balance of available funding was insufficient to proceed further down the list. A second motion was adopted to require the DHHS Grants Management Unit to present options for distribution of the remaining \$128,569 at the December 10, 2015 GMAC meeting. Options for distribution should direct the funds where there is the most need, as demonstrated by utilization and performance of the five funded applicants.

** The FY15 grant amount for Catholic Charities of Northern Nevada (CCNN) represents the combined awards of CCNN and Community Services Agency (CSA). The two organizations are partners in two CSA grants this year, and CSA has chosen not to apply again.
