\* The subcommittee voted to fund all the applicants with a reduction of 23%

\*\* The program area award amount of \$2,300,00 was increased to \$2,550,00 to fund at the recommended amount. The original matrix presented at the subcommittee meeting had a calculation error which was found after the recommendations were approved.

Due to a calculation error, East Valley Family Services' award is calculated with a further reduction of \$4,569 to fully expend the funds. This calculation represents an option for the GMAC to consider.
