### SECTION 3 State Plan Development and Statewide Goals

**3.1. CSBG Lead Agency Mission and Responsibilities:**

*Briefly describe the mission and responsibilities of the State agency that serves as the CSBG Lead Agency.*

Mission Statement The Nevada Department of Health and Human Services (DHHS) promotes the health and well-being of Nevadans through the delivery or facilitation of essential services to ensure families are strengthened, public health is protected, and individuals achieve their highest level of self-sufficiency. The Department of Health and Human Services (DHHS) is an office of the Executive Branch of State Government and is led by a Director appointed by the Governor. The Director also serves in an advisory capacity as a Member of the Governor's Cabinet. DHHS is one of the largest departments in state government comprised of five Divisions including: Aging and Disability Services, Child and Family Services, Health Care Financing and Policy (Medicaid), Public and Behavioral Health, and Welfare and Supportive Services. There are over 5,200 employees who work statewide in the department, which serves as the state's social safety net. DHHS is also responsible for several critical programs managed through the Director's Office such as the Office of Consumer Health Assistance, the Tribal Liaison Office, Office of Food Security, the Office of Minority Health, and the Office of Community Partnerships and Grants (OCPG). The CSBG program is located in the OCPG.

*(Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the State's annual report form)*

Two webinars were held with the CAAs to review the State Plan. The first webinar was held on July 11, 2017 and provided an overview of the State Plan requirements, with a focus on the items that related directly to CAA performance and statewide goals. The second webinar was held on August 8, 2017 and involved a review of the draft plan with CAAs. The Public Hearing, which was held August 21, 2017, provided a final opportunity for CAA input. In addition, the CAAs were involved in the development of statewide projects, plans and policies as follows: Section 6 - Organizational Standards for Eligible Entities CAAs were involved in developing the State Organizational Standards Compliance Instructions, which defines what is required to achieve compliance with each standard and how compliance will be monitored. Section 7 - Use of State Funds CAAs participated in two workgroup meetings to discuss the revision of the funding formula in 2015 prior to the Public Hearing. The funding formula adopted in 2015 will remain in effect until the next U.S. census data becomes available. CAAs participated in a workgroup meetings to help draft the combined State CSBG Discretionary/RPIC Plan for SFY 2018. Section 13 - Results Oriented Management and Accountability (ROMA) System CAAs have been involved with the State Office in implementing a Service Delivery Model, which operationalizes ROMA for the delivery of services to families. The Nevada service delivery model includes several key best practice concepts for CAAs to use to effectively organize their service delivery system. These include: central intake, bundling of services, scaled assessments and reassessments, a seven step process for effective case management, and the ability to capture higher level outcome

measures. The model helps CAAs assist individuals and families to achieve economic stability and self-sufficiency. Nevada is the first state to implement a statewide service delivery model that operationalizes the ROMA Cycle. CAAs were involved in developing the guidelines that will be used for the development of Community Needs Assessments and also will be involved in testing and providing feedback on the Strategic Planning Guidelines developed by the State CSBG Office. Section 14 Â CSBG Programmatic Assurance and Information Narrative Information for a number of items in this section was collected on the Community Action Plans submitted by CAAs for SFY 2018.

The State Office will provide additional background information on the purpose of the State Plan. ### SECTION 7 State Use of Funds

#### Eligible Entity Allocation (90 Percent Funds) [Section 675C(a) of the CSBG Act]

**7.1. Formula:**

Select the method (formula) that best describes the current practice for allocating CSBG funds to eligible entities.

Base + Formula

**7.1a. Does the State statutory or regulatory authority specify the terms or formula for allocating the 90 percent funds among eligible entities?**

Yes  No

**7.2. Planned Allocation:**

Specify the planned allocation of 90 percent funds to eligible entities, as described under Section 675C(a) of the CSBG Act.

The estimated allocations may be in dollars or percentages. For each eligible entity receiving funds, provide the Funding Amount in either dollars (columns 2 and 4) or percentage (columns 3 and 5) for the fiscal years covered by this plan.

Describe the specific steps in the State's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about State legislative approval or other types of administrative approval (such as approval by a board or commission).

CSBG funds awarded to eligibility entities are available without disruption throughout the entire grant cycle. The State CSBG Office obtains budget authority from the State Budget Office based on the current and project federal CSBG award. Whenever the budget authority needs to be adjusted upward, the State CSBG Office prepares a budget work plan and submits it to the State Legislature Interim Finance Committee for approval. This process is managed in order to prevent any delays in distributing funds to CAAs.

**7.4. Distribution Timeframe:**

Does the State plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the Federal award?  Yes

No

**7.4a. If no, describe State procedures to ensure funds are made available to eligible entities consistently and without interruption.**

*Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the State's annual report form.*

*If this is the first year filling out the automated State Plan, skip the following question.*

**7.5. Performance Management Adjustment:**  
**How is the State improving grant and/or contract administration procedures under this State Plan as compared to past plans? Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any improvements, provide further detail.**

*Note: This information is associated with State Accountability Measure 25b and may prepopulate the State's annual report form.*

The ASCI score for this item went from 89 in 2015 to 73 in 2017. Some of the factors for managing the distribution of funds are beyond the control of the State CSBG Office and are handled by the Grants Management Unit that house the CSBG program. These factors include: fiscal staff turnover, the implementation of a new software for CAAs to use to request funding, and the implementation of new processes and forms for processing awards. These administrative processes should be fully in place at the start of the next grant year. The State CSBG Office will evaluate the status of these factors when it sets its calendar for receiving and reviewing Community Action Plans and processing awards so that funds can be distributed in a more timely manner.

**Administrative Funds [Section 675C(b)(2) of the CSBG Act]**

**7.6. What amount of State CSBG funds does the State plan to allocate for administrative activities, under this State plan? The estimate may be in dollars or a percentage** 5  \$  %

**7.7. How many State staff positions will be funded in whole or in part with CSBG funds under this State Plan?** 3

**7.8. How many State Full Time Equivalents (FTEs) will be funded with CSBG funds under this State Plan?** 1

**If yes was selected, describe how the State plans to use remainder/discretionary funds in the table below.**

*Note: This response will link to the corresponding assurance, Item 14.2.*

For each allowable use of remainder funds in the table below (rows a through h), enter the State's planned level of funding, if any, either in dollars or percentage, and provide a brief description. Activities funded under row a, training and technical assistance, do not require a description, as that is provided under section 8 of this State plan. Activities funded under rows b and c, are described under section 9, State Linkages and Communication, but a State may enter additional information in this table as well. The State must describe "innovative programs/activities by eligible entities or other neighborhood groups," under row f, even if the State does not allocate discretionary funds to this activity. This activity is required by section 676(b)(2) of the CSBG Act, assurance 14.2 If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the State provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between row a and row c. If allocation is not possible, the State may allocate the funds to the main category with which the activity is associated.

#### 9.2. State Linkages and Coordination at the Local Level:

**Describe the linkages and coordination at the local level that the State and eligible entities plan to create or maintain to ensure increased access to CSBG services to low-income people and communities and avoid duplication of services, as described under Section 675C(b)(B) and as required by assurance under Sections 676(b)(5) of the CSBG Act. Attach additional information as needed.**

*Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6.*

The State CSBG Office will promote linkage and coordination at the local level through the following activities:   
 • If funding is requested, local human service coalitions and partnerships will be funded with CSBG funds in the individual Community Action Plans (CAP) prepared by CAAs each year.   
 • The annual Community Action Plan submitted by CAAs will identify existing collaborations and coalitions.   
 • CAAs will submit Community Engagement goals in the CAP and will also identify local coalitions and collaborations that they are involved in.   
 • The State CSBG Office is located in the DHHS Grants Management Unit with the State Family Resource Center program. The Family Resource Centers provide information and referral, parent education, and child protective services in 30+ locations throughout the state. The DHHS Grant Management Unit will explore the development of a closer working relationship and integration of services between CSBG and FRC. *[Click paper clip to attach file]*

#### 9.3. Eligible Entity Linkages and Coordination

##### 9.3a State Assurance of Eligible Entity Linkages and Coordination:

**Describe how the State will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)). [Attach additional information as needed.]**

*Note: This response will link to the corresponding CSBG assurance, item 14.5.*

As part of the Community Action Plan (CAP) submitted each year, CAAs will be asked to identify the coalitions and collaborations that they are involved in. In addition, they will also be asked to submit community engagement goals with the CAP. The CAPs submitted by CAAs demonstrate the wide range of key community coalitions and partnerships that CAAs participate in, including the rural CAAs. The coalitions and partnerships involve critical community needs affecting low-income individuals and families such as unemployment, homelessness, and mental health issues. The agenda for the local coalitions involve improved coordination of service, prioritizing needs, and establishing common goals. The collaborative relationships that CAAs are engaged in with one or more other partner organizations are focused on specific service domains such as employment and housing. The CAA collaboration with partners includes joint planning, cross-referral, shared case management, and resource coordination. The State CSBG Office has begun promoting community service coordination projects through the use of discretionary funds awarded to individual CAAs to launch new local initiatives. The State CSBG Office also plans to catalogue the types of community projects that CAAs are involved in across the state in order to understand the magnitude of impact and determine how to further leverage these projects. *[Click paper clip to attach file]*

##### 9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:

**Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.**

*Note: This response will link to the corresponding CSBG assurance, item 14.3b.*

The State CSBG Office and CAAs have adopted the Nevada Service Delivery Model. The model consists of a standardized intake assessment across 12 domains (e.g., employment, housing, transportation) that each client completes. The intake is scale-based and measures client status in each domain using a five level scale: Thriving, Safe, Stable, Vulnerable and In-crisis. The intake assessment results are used to determine the types of services that will be received, which include any combination of the following: direct services provided by the agency, information and referral, and case management. For clients receiving case management, a goal plan is established with the client and periodic reassessments are scheduled to track progress on domain scales. As part of the Service Delivery Model, CAAs establish an agency Data Model which contains an extensive list of information and referral sources that are used to link clients with services the agency is not able to provide. The CAAs maintain on-going relationships with their network of referral agencies through meetings and phone contact. This helps to insure that linkages are developed and maintained and gaps in service are addressed.

**9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:**  
**Does the State intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)?**  Yes  No

*Note: This response will link to the corresponding CSBG assurance, item 14.5.*

**9.4a If the State selected "yes" under item 9.4, provide the CSBG-specific information included in the State's WIOA Combined Plan. This information includes a description of how the State and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.**

Nevada has a Unified State Plan and two local plans that cover the northern and southern regions of the state. The Unified State Plan references coordination with mandated partners, which includes CSBG, to create a more seamless system for individuals seeking employment, referred to as "No Wrong Door." The two local plans will accomplish this objective by establishing a One Stop Center that incorporates required affiliate partners into the service delivery system. CSBG agencies have signed a Memorandum of Understanding agreeing to work toward establishing and integrated service system, share resources, and develop a common set of procedures and data collection elements.

**9.4b. If the State selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the State and by eligible entities providing activities through the WIOA system.**

**9.5. Emergency Energy Crisis Intervention:**

**Describe how the State will assure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the State, as required by the assurance under Section 676(b)(6) of the CSBG Act.**

*Note: This response will link to the corresponding CSBG assurance, item 14.6.*

CAAs serve as one of the official local intake sites for the state Energy Assistance Program. They screen and refer clients to energy assistance programs as part of the intake process.

**9.6. State Assurance: Faith-based Organizations, Charitable Groups, Community Organizations:**  
**Describe how the State will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the State's assurance under Section 676(b)(9) of the CSBG Act.**

*Note: this response will link to the corresponding assurance, item 14.9.*

The State CSBG Office asks CAAs to list and describe their partnerships in the annual Community Action Plan. CAAs will prepare an Agency Data Model listing of the referral sources that they utilize to serve clients. CAA partnerships will also be monitored through the annual CSBG report. *[Click paper clip to attach file]*

**9.7 Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:**  
**Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.**

*Note: this response will link to the corresponding assurance, item 14.3c.*

CSBG funding is integrated with a number of different federal, state, and local resources within each CSBG agency. In SFY 2016 (the most recent reporting period), CAAs received more than \$3.5 million in CSBG funding and leveraged these funds with more than \$44 million in other federal, state, local and private resources to provide services to low-income families. CSBG is the key source of funding that is used by CAAs to link these resources together to accomplish the larger mission of assisting families and communities to achieve greater levels of economic self-sufficiency. Many of the CSBG funded services are combined with other funding sources to support the delivery of specific services such as case management, employment, and food assistance. CAAs have adopted the Nevada Service Delivery Model which integrates all funding sources under a unified system for assessing, delivering, monitoring, evaluating and reporting on services. This ensures that all funding sources are coordinated to accomplish a common mission.

**9.8. Coordination among Eligible Entities and State Community Action Association:**  
**Describe State activities for supporting coordination among the eligible entities and the State Community Action Association.**

For the last three years, the State CSBG Office and the Nevada Community Action Association have developed a combined development, training and technical assistance plan using CSBG Discretionary and RPIC funds. The activities that are funded under the current plan include: A Organizational Standards A Assistance in completing Technical Assistance Plans A Implementation of Strategic Planning based on guidelines developed by the State CSBG Office, NCAA, and CAAs. A Implementation on new community level national performance indicators A Continuation of the Nevada Service Delivery Model project - The Nevada service delivery model includes several key best practice concepts for CAAs to use to effectively organize their service delivery system. These include: central intake, bundling of services, scaled assessments/reassessments, a seven step process for effective case management, and the ability to capture higher level outcome measures. The model helps CAAs assist individuals and families to achieve economic stability and self-sufficiency. Nevada is the first state to implement a statewide service delivery model that operationalizes the CSBG Results Oriented Management and Accountability (ROMA) Cycle. Funds under this category will pay for the software and technical assistance contract with the Center for Applied Management Practices (CAMP) for development and technical support.

**9.9 Communication with Eligible Entities and the State Community Action Association:**  
**In the table below, describe the State's plan for communicating with eligible entities, the State Community Action Association, and other partners under this State Plan. Include communication about annual hearings and legislative hearings, as described under Section 4, CSBG Hearing Requirements.**

**Communication Plan**

	Topic	Expected Frequency	Format	Brief Description of "Other"

**9.10. Feedback to Eligible Entities and State Community Action Association:**  
**Describe how the State will provide feedback to local entities and State Community Action Associations regarding performance on State Accountability Measures.**

*Note: This information is associated with State Accountability Measure 5S(iii). The measure indicates feedback should be provided within 60 calendar days of the State getting feedback from OCS.*

The State CSBG Office will provide written feedback to CAAs on the annual CSBG report as the report is being screened and reviewed prior to submission. The feedback will consist of:   
 • Gaps/Areas of improvement needed in data collection;   
 • A review of agency performance in relation to NPIs and statewide performance measures.

*If this is the first year filling out the automated State Plan, skip the following question.*

**9.11. Performance Management Adjustment:**  
**How is the State adjusting the Communication Plan in this State Plan as compared to past plans? Any adjustment should be based on the State's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.**

*Note: This information is associated with State Accountability Measures 7Sb; this response may pre-populate the State's annual report form.*

The ASCI score improved from 75 in 2015 to 84 for Linkages and 93 for Communication in 2017. We don't plan to make any major changes in these areas. Additional efforts will be made to create linkages between state human services divisions and CAAs.

CAAs are required to submit a monthly Request for Funds that includes a detailed transaction list broken out by budget category. The transaction list must include: check number, date of payment, payee, and amount of payment. Each monthly RFF is reviewed against the approved budget and for accuracy and completeness by two fiscal staff and one program staff. Once approved, the RFF is entered on a grantee expenditure tracking sheet which tracks the amount expended year to date based on the approved budget categories and the remaining balance of funds. DHHS has established an Internal Controls Manual to ensure that federal funds are requested based on actual federal expenditures. See Attachment.
<b>10.12. Single Audit Management Decisions:</b> Describe State procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521. <i>Note: This information is associated with State Accountability Measure 4Sd.</i>
The procedures that are used by the DHHS Office of Community Grants and Partnerships (OCPG) for CSBG are outlined below: 1. All agencies are required to submit agency single audits upon completion. The audit must be submitted within 9 months following the end of the agency's fiscal year. The OCPG Auditor will set up a tracking spreadsheet to track the due date and receipt of agency single audits. 2. The OCPG Auditor will review the audits upon receipt and determine if the agency has received an unqualified opinion. If the opinion is not unqualified, the CSBG Grant Manager and OCPG Auditor will meet with the OCPG Chief to determine the next steps, which may include fiscal monitoring, probation, a request for a Quality Improvement Plan or a decision to terminate funding. 3. The OCPG Auditor will also review the audits to determine if there are any specific findings related to CSBG funds as well as systemic fiscal management findings that may negatively affect all agency funding sources. 4. The CSBG Grant Manager will request agencies that have findings that impact CSBG to submit a corrective action plan. The OCPG Auditor will follow-up with the agency to verify that all of the findings have been addressed. If the corrective actions have not been successfully addressed, the CSBG Grant Manager and OCPG Auditor will meet with the OCPG Chief to determine the next steps, which may include fiscal monitoring, probation, a Quality Improvement Plan or termination of funding. 5. The OCPG Auditor will indicate on the tracking sheet that the audit has been reviewed and whether any action is required. If an action by DHHS is indicated, the type of action will be noted.
<b>10.13. Assurance on Federal Investigations:</b> Will the State "permit and cooperate with Federal investigations undertaken in accordance with Section 678D(a)" of the CSBG Act, as required by the assurance under Section 676(b)(7) of the CSBG Act? <input checked="" type="radio"/> Yes <input type="radio"/> No
<i>If this is the first year filling out the automated State Plan, skip the following question.</i>
<b>10.14. Performance Management Adjustment:</b> How is the State adjusting monitoring procedures in this State Plan as compared to past plans? Any adjustment should be based on the State's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.
<i>Note: This item is associated with State Accountability Measure 4Sband may pre-populate the State's annual report form.</i>
The ASCI score on this item was 82 in 2015 and 91 in 2017. We are not planning to make major changes to this item as a result of the increased score. The monitoring policies and procedures have received some updates. The significant changes involved combining program and fiscal on-site monitoring and clarifying desk review monitoring activities versus on-site monitoring activities.

This is not an issue in Nevada. All clients that receive a direct service from CAA are required to participate in a standard intake, which includes income eligibility screening.	
<b>12.3. Community-targeted Services:</b> For services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations), how does the State ensure eligible entities' services target and benefit low-income communities?

<b>13.1a. If ROMA was selected in Item 13.1, attach and/or describe the State's written policies, procedures, or guidance documents on ROMA.</b>	
Nevada has developed an applied ROMA model for serving low-income individuals and families known as the Nevada Services Delivery Model. The software that is used to implement the model is known as eLogic. ROMA is embedded into the Service Delivery Model. The model contains an efficient and accountable case management process, methods for bundling services, outcome reporting that links outcomes to needs and services, and evaluation reports that can be used to further improve agency performance and impacts. The National Performance Indicators (NPIs) are linked to the scales that are used to track customer progress. The primary policy documents that are used to guide CAAs in the administration of the Service Delivery Model are the Service Delivery Policies (Attachment 8) and the Agency Data Model which links agency services to the model and ROMA. The above policy addresses the Family goals of ROMA. For the Community and Agency level NPIs, the State CSBG Office is in the process of screening CAAs to determine which items they should track and report using the new ROMA NPIs.	
<b>13.1b. If ROMA was not selected in Item 13.1, describe the system the State will use for performance measurement. [Narrative, 2500 characters]</b>

The State CSBG Office provides discretionary funding to pay for the software and support that is used to implement ROMA and also provides extensive monitoring, training and support for CAAs on how to use the software effectively, analyze data, and use the data to improvement services. User fees are paid by the CAAs. The State CSBG Office allows CAAs to use the 90% pass through funds for this purpose.	
<b>13.4. Eligible Entity Use of Data:</b> <b>How is the State validating that the eligible entities are using data to improve service delivery?</b>	
<i>Note: This response will also link to the corresponding assurance, Item 14.12.</i>	
The State CSBG Office is training CAAs how to run outcome reports in eLogic software and use the results to analyze results and improve services. Group and individual webinars will be provided as needed. The State CSBG Office is evaluating ways to incorporate data analysis and program improvement into the Community Action Plan submitted by CAAs each year.	
<b>Community Action Plans and Needs Assessments</b>

<i>Note: this response will link to the corresponding assurance, Item 14.11.</i>	
The State CSBG Office has prepared a Community Action Plan that CAAs are required to submit each year as a condition for receiving a grant award. The Plan contains several sections: a budget, description of services, description of community engagement, description of agency capacity building, data analysis (planned for the future), a report of last year's CAP goals, and goals for the current CAP.	
<b>13.6. ### SECTION 14 CSBG Programmatic Assurances and Information Narrative (Section 676(b) of the CSBG Act)

#### 14.1 Use of Funds Supporting Local Activities

##### CSBG Services

#### 14.1a. 676(b)(1)(A): Describe how the State will assure "that funds made available through grant or allotment will be used -

(A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under title IV of the Social Security Act, homeless families and individuals, migrant or seasonal farm workers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals--

- (i) to remove obstacles and solve problems that block the achievement of self sufficiency (particularly for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);
- (ii) to secure and retain meaningful employment;
- (iii) to attain an adequate education with particular attention toward improving literacy skills of the low-income families in the community, which may include family literacy initiatives;
- (iv) to make better use of available income;
- (v) to obtain and maintain adequate housing and a suitable living environment;
- (vi) to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent individual and family needs;
- (vii) to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to -
  - (I) document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and
  - (II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

CAAs meet this requirement by using the Nevada Service Delivery Model. The model provides for an intake assessment that consists of 12 domains of well-being (which include employment, education, budgeting, basic needs, and housing) and uses a scale based system to identify the individual or household's current status as in-crisis, vulnerable, stable, safe or thriving. A service plan is established for each client based on their needs at intake. The plan includes direct services that will be provided by the CAA, referrals to other agencies, and goals that are established by the CAA and the customer.

##### Needs of Youth

#### 14.1b. 676(b)(1)(B) Describe how the State will assure "that funds made available through grant or allotment will be used -

- (B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--
- (i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and
  - (ii) after-school child care programs;

Funds are made available for CAAs to use to address the needs of youth in their communities. Because of the limited nature of CSBG funds and the limited capacity of many of the rural CAAs, most of the youth programming that is provided with CSBG funds is available in the two largest urban areas of the state, Las Vegas and Reno. Some rural CAAs also provide youth programming on a limited basis to the extent that funds are available and there are other providers in the community to coordinate services with.

##### Coordination of Other Programs

#### 14.1c. 676(b)(1)(C) Describe how the State will assure "that funds made available through grant or allotment will be used -

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including State welfare reform efforts)

The State CSBG Office assures that CSBG funds will be used to coordinate with other public and non-profit agencies in ways that are beneficial to customer outcomes. CAAs have identified a comprehensive list of referral agencies that are used as resources to accomplish customer case plans. The

referral agencies are integrated into the software used by CAAs to facilitate linkage with customers. In addition, CAAs describe coordination activities in their Community Action Plans by identifying key community coalitions and collaborative partnerships that they involved are in.

**State Use of Discretionary Funds**

**14.2 676(b)(2) Describe "how the State intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675C(b) in accordance with this subtitle, including a description of how the State will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle."**

*Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10*

**Eligible Entity Service Delivery, Coordination, and Innovation**

**14.3. 676(b)(3) "Based on information provided by eligible entities in the State, a description of..."**

**14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the State;**

See attachment 14.3a

**Eligible Entity Linkages - Approach to Filling Service Gaps**

**14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."**

*Note: The State describes this assurance in the State Linkages and Communication section, item 9.3b.*

**Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources**

**14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources."**

*Note: The State describes this assurance in the State Linkages and Communication section, item 9.7.*

**Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility**

**14.3d. 676(b)(3)(D) Describe "how the local entity will use the funds [made available under Section 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting."**

*Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).*

CSBG funding has been stagnate for a number of years, making it difficult for CAAs to initiate new projects. Nonetheless, there are three principal ways that CAAs pursue innovation: 1) If funds become available in their budgets, CAAs launch new programs based on agency Community Needs Assessments and Strategic Plans 2) Innovation is achieved through creative partnerships with other community organizations, which results in resources being combined to address a community poverty issue. Several CAAs have moved in the direction of working on community projects with partner agencies in the past two years. The State CSBG Office is encouraging this work by supporting start-up community projects through the use of discretionary funds. 3) CAAs are engaged in providing services using the Nevada Service Delivery Model, which is designed to ensure that customer needs are identified, linkages are made with internal and external services to address the needs, goal plans are established, reassessments are conducted, and aggregate data is analyzed and used to further improve service delivery. 4) The State CSBG Office is working to connect CAAs with opportunities to collaborate with Welfare, Aging, Health and Child Services divisions located in the state DHHS.

**Eligible Entity Emergency Food and Nutrition Services**

**14.4. 676(b)(4) Describe how the State will assure "that eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals."**

The Nevada Service Delivery Model uses 12 core scales to perform initial client intake. These scales cover basic areas of economic well-being such as employment, transportation, nutrition, childcare, education, access to health care, and housing. As result CAAs have developed a package of services, to the extent possible based on available resources, to address these needs either through the provision of direct services or referrals. Nutrition services are a key area of assessment and services are available in every community through the CAA and/or community partners.

**State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities**

**14.5. 676(b)(5) Describe how the State will assure "that the State and eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act."**

*Note: The State describes this assurance in the State Linkages and Communication section, items 9.1, 9.2, 9.3a, 9.4, 9.4a, and 9.4b.*

**State Coordination/Linkages and Low-income Home Energy Assistance**

**14.6. 676(b)(6) Provide "an assurance that the State will ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low income home energy assistance) are conducted in such community."**

*Note: The State describes this assurance in the State Linkages and Communication section, items 9.2 and 9.5.*

## CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. ### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

&nbsp;1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

&nbsp;2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

&nbsp;3. For grantees other than individuals, Alternate I applies.

&nbsp;4. For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

&nbsp;6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

&nbsp;7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

&nbsp;8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

### Certification Regarding Drug-Free Workplace Requirements

#### Alternate I. (Grantees Other Than Individuals)
