V. Family Support Resource Subcommittee Updates:

Kelly, from Family TIES, reported that the 2015 Nevada Disabilities Conference had over 320 registrations, not including over 200 registrations from the conference of the National Association of Governor Councils on Developmental Disabilities. There were over 500 attending on the combined conference day,

Tuesday. Kelly also stated that the next conference was being planned for Las Vegas, but not sure when.

VI. Presentation of Activities Focused on Awareness of Services Available for Families of Children with Disabilities:

Aimee shared information about getting labs (blood tests) done at the Renown Children's Specialty clinic held at UNR.

Need to touch base with Christine to see about more information regarding any "open house" or "educational" events that the various EI programs might be having. Great for parents to get information when they can't afford or make it to conferences.

VII. Consider Agenda Items for Next Meeting:

Kelly asked subcommittee to include this on next agenda: possible "spring fling" combined open house – getting all EI providers together for a Spring open house to aide parents in recognizing and learning about the different providers to choose from. Aimee supports this idea, and that maybe it should be the subcommittee to host. To address the issue of budget it was suggested to check with the various EI providers to help fund event.

VIII. Public Comment: None

IX. Adjournment:

Subcommittee member had to leave the call early. There was no longer quorum. Meeting Adjourned at 11:27
