V. GMAC New Member Recruitment

Ms. York gave the floor to Kelli Quintero, Social Services Chief III, GMU. Ms. Quintero thanked the members of the Committee on behalf of the Department of Health and Human Services. She told the members we appreciate all your efforts and support in helping us in our combined mission to promote the health and wellbeing of Nevadans. Ms. Quintero's statement included how the GMU was continuously working on the recruitment of new members for the GMAC, and she thanked Ms. Shuman for working tirelessly on the recruitment of new members. Ms. Quintero informed the Committee that the GMU has

reached out to the Nevada Association of School Superintendents, Aging and Disability Services, and the Commission on Aging. The GMU is also posting vacancies on the DHHS website and social media. Ms. Quintero let it be known that the members are encouraged to offer any new proposed methods of recruitment or any recommendations for prospective members. She added that the current approved documents regarding membership terms had been distributed this week. She continued to state that the GMU would notify any individual(s) of any documents that were still outstanding for DHHS and GMU records. Ms. Quintero shared that the website would be updated to reflect the current membership.

Ms. York opened the floor to questions and comments. Mr. McCoy noted that it is important to periodically look at the purpose, the mission, and make sure that what we're doing matches with what we say we are all about. He stated that he thinks a lot of people don't understand what GMAC is. Ms. Quintero responded that she agrees. She noted that GMU had an internal discussion on who we are and maybe start not only a new membership package, but in the future talk about our combined goals and what GMAC is. Also, to give a broader overview of the Grants Management Unit at DHHS Director's Office.

Mr. Serrano shared that he spent most of his career in the state juvenile justice system and served on the GMAC in two different stints when he was a Chief Probation Officer. He continued to state his second stint as a member of the GMAC came shortly after retirement. He mentioned this to bring up the fact that there may be a few retired juvenile justice administrators, retired mental health workers, who want to still contribute. Mr. Serrano recommended reaching out to the juvenile justice administrators for a current member. He noted that various organizations, or those types of organizations, might want to contribute to youth and families, and they would bring passion with them by serving.

Ms. Quintero and Ms. York thanked Mr. Serrano for his recommendations. Ms. York communicated to the GMU staff that the Committee appreciates all the work done and that the membership letters have been received. The Chair moved on to item number six on the agenda.

Ms. York thanked Ms. Quintero and moved on the agenda item number seven.

Mr. Serrano asked about the subcommittees that were listed on the agenda such as Wellness, Skilled, Respite, and Disability. He shared that he previously served on the Prevention of Child Abuse and Neglect subcommittees and asked if any of the other subcommittees would be revised. Ms. Quintero told the members that the other subcommittees would be revised at the discretion of the Committee and on the vote of the Committee itself. She again stated we are revisiting who we are and what we do, GMAC goals and purpose, and topics for future meetings. Mr. Fernando noted that those topics could be used as a recruitment tool for potential members. Ms. York moved on to the next agenda item.

Ms. Quintero directed all to a shared PowerPoint on a shared screen. Ms. Quintero presented the information that was displayed in the PowerPoint presentation to the Committee. Discussion continued and questions asked about the upcoming dates for committee meetings and subcommittee meetings. Ms. Quintero stated that the GMU will work on a timeline for meetings to make sure deadlines are met. ~~She again stated the subcommittee for needs assessment would begin SFY25.~~ This would be a collaboration and the assessment would be presented in SFY26. Ms. Bittleston thanked Ms. Quintero and stated that the Committee needed to figure out the highest priorities for funding to make recommendations moving forward. Mr. Serrano asked about the project on subcommittees. Ms. Shuman shared that a supplemental meeting for June 5th would be used for the vote on the GMU recommendations for Funds for Healthy Nevada (FHN) and the next meeting would be the first quarterly meeting for SFY25.
