

NOMHE Advisory Board Meeting – 8/18/20

Health in All Policies Update, Sara Hanafi & Baldo Bobadilla

Online Asynchronous Training

Using content and feedback from virtual live trainings in April, the Nevada Public Health Training Center (NVPHTC) has developed an online asynchronous course to continue HiAP promotion. The course, titled ***Health in All Policies 101: Health Happens Here!*** The course consists of six interactive modules:

1. Introduction to the Social Determinants of Health
2. Cultural Competency to Achieve Health Equity
3. Introduction to Health in All Policies and Readiness to Collaborate
4. Measuring Health Impact and Action Planning
5. Health Policy and Community Organizing
6. Evaluation and Continuing the Conversation

Each module consists of lecture-style presentations, discussion checkpoints to engage with other participants in the course, videos demonstrating real-life application and knowledge assessments to evaluate effectiveness. The course will be available for professionals from all sectors and will be available beginning August 24, 2020 on the NVPHTC hosted website, MakingHealthHappen.org.
