IV. Review and Approve Final Pulse Report (For Possible Action):

Dr. Samuel Hickson, Chair

Jewel Eldridge, the Co-founder of the Nevada Black Deaf Advocates and Deaf People of Color Connecting wanted to report a few errors in the Pulse Report.

Chair Hickson acknowledge the corrections.

Karina Fox acknowledges the corrections.

Jewel apologized for not attending the last meeting. She needed some time to regroup. She wanted to thank everyone for speaking on her behalf during the last meeting. She wrote somethings down on her phone. She stated that she thinks the report should identify barriers in the Black and brown community, such as funding and health care coverage. So, people are informed of what is being offered. When they don't have interpreters, it is hard for people to learn. She sees improvements on that area. The report should include information on how people can afford healthcare services and how can policy be influenced. Everyone should have access to this opportunity. She would like to make contact with other community organizations. These are her overall goals. She wants to find ways to get interpreters in the community.

Chair Hickson thanked Jewel Eldridge for her comments and invited other subcommittee members to bring forward their comments.

There were no other comments. Chair Hickson asked for a motion to approve the Pulse Report.

Dr. Mary House made the motion to approve the 2023 BLAC pulse report.

Will Rucker expressed his thoughts about the report not being quite ready. He suggested scheduling another meeting. He also stated that not all the members were currently listed in the report.

Chair Hickson asked Karina to double check the Pulse Report.

Karina Fox stated that she had included only the names of the members who provided contributions to their section.

Chair Hickson suggested to list every subcommittee member with or without participation.

Will Rucker stated that everyone should be listed whether they were vocal or not. Alisa Howard was not included, and she provided input.

Karina Fox will ensure that all the members get added.

Alexandra Neal stated that the next NOMHE AC meeting will be on 5/14/24 at 10:00 a.m.

Chair Hickson asked members if they had any further questions or comments.

Kamilah Bywater stated that she is in line with Will Rucker. Also, she indicated that Dr. Robert Bush should be included with Adrienne Feemster Cobb because they have worked together.

Karina Fox will ensure that all names are included.

Jewel Eldridge stated that she forgot when the next BLAC Subcommittee meeting will be. Also, she was wondering what action will be taken then. She feels that this BLAC Subcommittee has been going on for quite some time. It seems that the subcommittee continues to postpone the finalization of the report and she asked how resolutions can be made on time.

Chair Hickson stated that “yes” the project has been ongoing for quite some time. A robust report is needed, considering the purpose of it. The BLAC Subcommittee members want the report to be perfect. He reminded that the Pulse Report will need a secondary level of approval by the NOMHE Advisory Committee. The items discussed during this meeting will be amended. Chair Hickson hopes that the report gets approved by the next BLAC meeting, which has not been scheduled just yet.

Alisa Howard stated that the Pulse Report is also a staple. Others will copy this format. So, it is important it is as good as possible. It will be used by others to enhance their population.

Chair Hickson asked for a motion to revise the report during another meeting.

Jewel Eldridge made the motion.

All were in favor. Chair Hickson approved the motion on 2/21/24 at 10:37 a.m.
