- Understand the context in which the project is taking place

## Objective 4

- Receive clarity on immediate next steps

# Project Roles

- ICC
- Project Core Team
- SEI
- Additional Key Partners – Let's return to this

# Project Objectives

## Objective 1

Identify the most pressing issues surrounding services and support for infants and toddlers with disabilities and developmental delays and their families.

What are the most pressing issues surrounding services for families with infants and toddlers with disabilities and developmental delays ***and those that are most actionable by the ICC?***

## Objective 2

Explore opportunities for the ICC to assist and advise the early intervention system in Nevada in addressing such issues.

## Objective 3

Establish a Strategic Plan for the ICC, developing SMARTIE goals and objectives that will guide what and how the Council will support a stronger early intervention system within Nevada.

# REVIEW SUMMARY OF THEMES

## INFRASTRUCTURE:

- What are the essential practices and components of a high-functioning ICC?

## ROLE OF THE ICC:

- How can the ICC most effectively meet and balance its statutory requirements? What aspects of Nevada's Early Intervention System should be prioritized for ICC's advise-and-assist roles?

Are these the  
right areas of  
exploration?

## Stage 1:

- Exploring what we can learn from other ICCs across the country and from national best practices

## Stage 2:

- Engaging with experts in Nevada's Early Intervention System, especially parents and caregivers with young children with disabilities

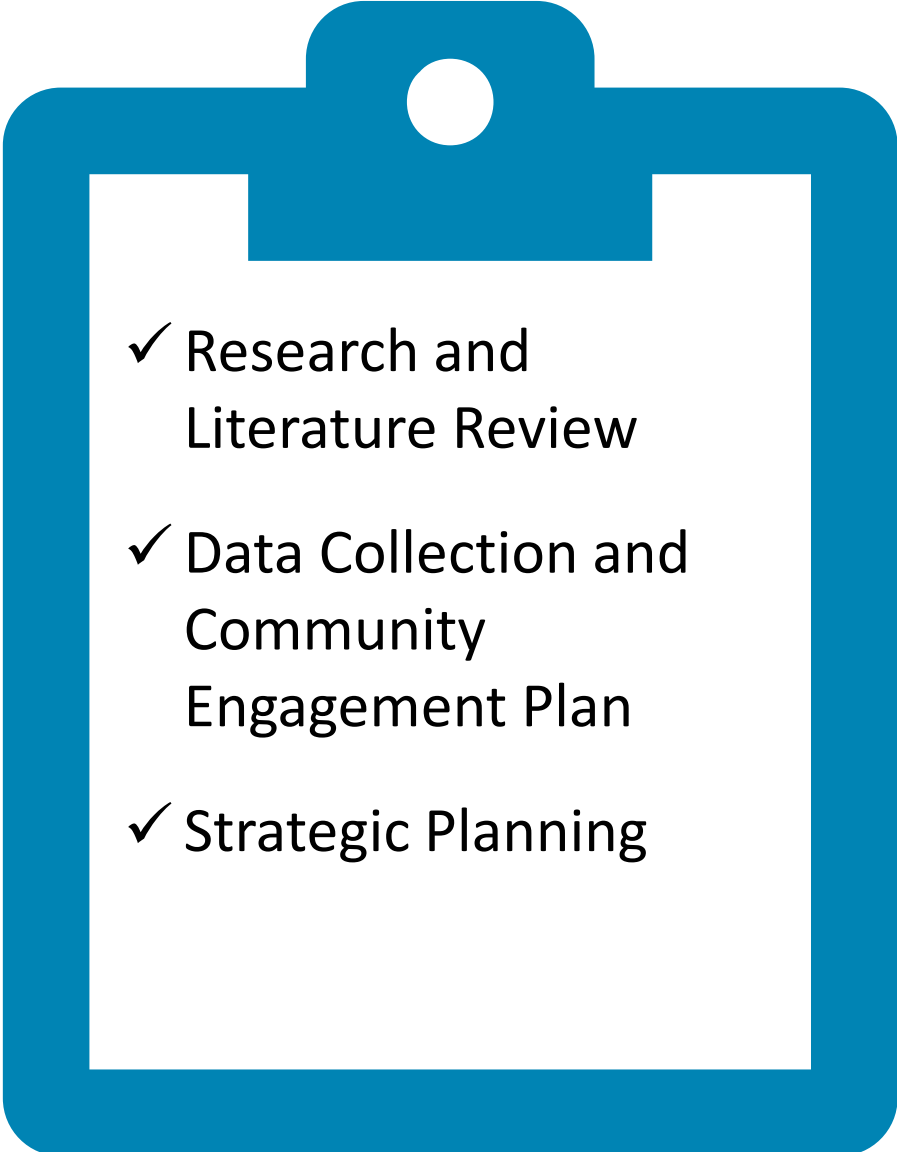

Are these the  
right methods?
