Colorado Natural Medicine Program

History, Enacting Legislation & More

Natural Medicine Health Act of 2022

Proposition 122 (referred to as the Natural Medicine* Health Act of 2022) is a citizen-initiated measure related to the use of certain plants or fungi for people 21 years of age and older.

The Act received approval from Colorado voters in the November 2022 Colorado General Election with 53.6% of the vote.

*Natural Medicine is the term used in the ballot language.

What Did the Act Do?

Decriminalized cultivation, possession, and personal use of natural medicines for individuals 21+

Directed DORA to establish a regulated access program for natural medicines:

- For supervised administration of Natural Medicine
- To Create and Implement an Occupational Licensing Structure
- To Create a framework for regulating the growth, distribution, and sale of Natural Medicines to Licensed Entities

Established the Natural Medicine Advisory Board for the purpose of advising DORA on the implementation of the regulated access program.

What Did the Act Do?

LOCAL GOVERNMENT GUIDANCE

Proposition 122 permits individual localities to regulate the time, place, and manner of the operation of Healing centers.

Localities may not:

- Ban Operations
- Ban natural medicine services by licensees
- Ban transportation
- Adopt regulations that were unreasonable or in conflict of 122

RECORD SEALING

Seals the criminal records of individuals who have completed a sentence for a conviction that is no longer considered a crime pursuant to this legislation.

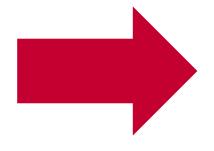

Protects conduct permitted by the Natural Medicine Health Act, by itself, for constituting the basis:

- For punishing or penalizing an individual currently on parole, probation, other state supervision, or released awaiting trial or other hearing
- To disqualify a person from medical care or medical insurance
- To deny eligibility for any public assistance program unless required by federal law

Included Natural Medicines

Dimethyltryptamine; ibogaine; mescaline (excluding lophophora williamsii ("peyote"); psilocybin; or psilocybin.

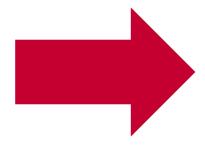

As it relates to the regulated natural medicine access program outlined in this act, until June 1, 2026, the term "natural medicine" only includes psilocybin and psilocin.

Included Natural Medicines

Dimethyltryptamine; ibogaine; mescaline (excluding lophophora williamsii ("peyote"); psilocybin; or psilocybin.

After June 1, 2026, if recommended by the Natural Medicine Advisory Board, the Colorado Department of Regulatory Agencies may add one or more of the following to be included as "Natural Medicine" as it relates to the regulated natural medicine access program: dimethyltryptamine, ibogaine, and mescaline (excluding peyote).

Natural Medicine Regulations

Regulation for licensed facilitation, services provided, cultivation, manufacturing, transportation, possession, etc. under this Act fell under the Division of Professions and Occupations (DPO) within DORA.

Key Dates: 2022-23

Nov. 8, 2022

April 13, 2023

Colorado Proposition 122 passes with a 53.64% Yes result.

The Colorado Natural Medicine Advisory Board holds its first meeting.

Gov. Jared Polis announces <u>Natural</u> <u>Medicine Advisory Board</u> appointments. Senate Bill 23-290 goes into effect.

SB23-290

SB23-290 was a Senate bill that was introduced, passed, and signed in the 2023 Colorado Legislative Session. It amended the regulatory framework for natural medicine and natural medicine product established in Proposition 122.

FOCUS 1

Operationalized the Natural Medicine
Access Program by leveraging the
existing state infrastructure including
the the fiscal mechanisms of the
Colorado State Government.

FOCUS

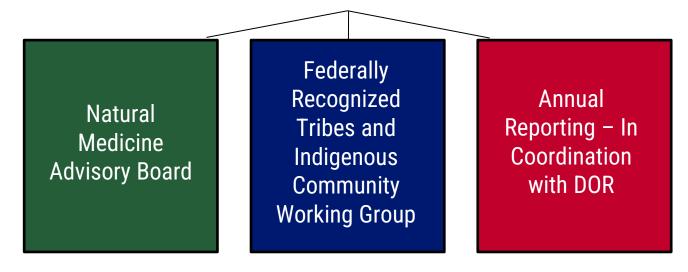

Modified the responsibilities of two Colorado State Agencies, DORA, and the Department of Revenue (DOR).

Extended implementation deadlines to December 31, 2024.

SB23-190: DORA Responsibilities

DORA maintained the role of licensing and regulating Facilitators (persons licensed to provide natural medicine and related services). SB-290 also maintained and added the following duties for DORA:

SB23-190: DOR Responsibilities

The Department of Revenue (DOR) is responsible for licensing and regulating healing centers, cultivations, manufacturers, and testing facilities under a new Natural Medicine Division and is assigned following duties:

SB23-190: DOR Responsibilities

Testing and
Certification Program
(in Coordination with
CDPHE)

Data Collection (i.e. incidents, adverse health events etc.)

Public Education Campaigns

Training materials for first and multi-responders

Annual Reporting (in Coordination with DORA)
